

Group Past Life regression Class

Reawaken a special gift you cultivated in a past life

Three hour classes led by Michael Rosenbaum ACHT, MP

We are a spiritual being having a human experience right now. We have had hundreds maybe even thousands of other lifetimes in other bodies. The memory of that is still stored in your superconscious mind.

You have probably cultivated many different gifts and abilities in other incarnations and they are a part of your tendencies in this lifetime. But what if you could activate those gifts in your present lifetime and step into your power in a new way or even be guided in a new direction in this lifetime? Would that be helpful? Does that inspire you?

Ask yourself if you have now reached a time in your life where you are ready to re-awaken parts of yourself that are in alignment with your Higher Self that will help you express your unique gifts in this lifetime?

If so, this workshop will help you do this.

Through a special group, past life recall process you will be guided by your Higher Self to a part of yourself that is ready to be re-awakened. We will go through a purification and releasing process to remove anything that may be blocking you from receiving the information you need.

Then you will be ready to open up the doorway to your special gifts that were activated in a past life experience so you can grow and mature them to a larger extent in this lifetime.

No prior past life regression experience is necessary. The class is designed to gently prepare you and take you through the different processes.
